Helping Drivers Stay Healthy and on the Road

For Fleets and 1099 Drivers

Critical Health Challenges for Fleets and Drivers

- Drivers need convenient access to medical clinics where they can park their truck.
- **Over 50% of drivers have a pre-existing condition (hypertension, diabetes, high cholesterol) requiring regular clinic visits.**
- Health insurance alone does not help drivers manage their conditions due to high deductibles.
- Unhealthy drivers are major contributor to high driver turnover.

“ I recently became a member of UrgentCareTravel Network. I am writing you a short note to say thank you. Your staff at Oklahoma City is great and I feel comfortable talking with them. Mr Strobin was also very helpful. I just want to say that I am healthy because of your help. I won't beat around the bush – you all are saving my life. Everyday is more comfortable thanks to UrgentCareTravel.
